Dear Trish

Letter of Interest – Andrea Dodsworth

I am writing you a letter of interest to let you know that I am still interested in being a member of both The Built Environment Sub-Committee and the Accessible Transportation Advisory Committee. I am interested in a two year term on both committees if I can. I feel that both committees are very important and they both do so much to improve accessibility for everyone in the city.

I have really enjoyed my time with these two committees and I have learned a lot about accessibility and how the whole process works, when making improvements in our city that involve accessibility to buildings, the built environment and accessible transportation. I have a great interest in both committees, because both have an impact on my day to day life and I love being a part of my community and making a difference.

My time on both committees has taught me a lot about myself and my ability to make change happen no matter how big or small the change may be or how long it takes to make it all happen, I may not even ever see some changes in my lifetime, but I'll know that people will benefit from the work I was involved in later on.

I think that I still have a lot of experience to offer to both committees and would like to continue to provide input in some way.

Yours sincerely

A handwritten signature in black ink that reads "Andrea Dodsworth". The signature is written in a cursive, flowing style.
