

Resolution Regarding Governance Issues
from
Peterborough County Council Meeting, June 6, 2012

c. New Contract at Landfill Site

Councillor Gerow expressed concern over the City's recent awarding of a contract to a new company to take over and manage the Landfill site on Bensfort Road. He stated this matter was not discussed at the last Waste Management Committee Meeting. The Director of Public Works advised that County staff were involved in the evaluation process but beyond that had no input. Councillor Gerow stated there may be implications as the actual cost for the new company to manage the landfill will be in excess of \$1 million over the length of the contract. County Council was not consulted on this award even though the County is a partner with the City.
