Summer Discovery¹⁰

Camps for Kids

Welcome to Summer Discovery 2010, the Peterborough Museum & Archives' 23rd season of providing rich, diverse, educational and fun summer camps for children. We offer camps in art, science, and history. Our leaders are artists, scientists and educators, supported by a team of trained youth counsellors.

We have a beautiful natural setting in the heart of Peterborough for children to play and explore. There is plenty of convenient and free parking at the Museum to facilitate the safe pick-up and drop-off of children.

During Summer Discovery, kids will enjoy an unforgettable experience that will foster a love of creative learning to last a life-time. The programming is inter-active, well-paced and age appropriate.

Look inside and
discover why the
world is our
playground!

Programs

ages 7 to 11

July 5-9 - More Musical Maniacs

Jake Differ

Following a sold-out March Break Camp, Jake returns to the Museum for a week-long musical adventure - starring you! Rock your socks off on the guitar, piano and clarinet, play musical games, make your own instrument and learn what makes all kinds of music special.

July 12-16 - A Walk on the Wild Side

Laura Rye

Explore the sights and sounds of nature in this exciting camping-inspired adventure! Enjoy daily outdoor activities, create one-of-a-kind nature collages, design your own unique animal "muppets" for a puppet show, and so much more. This is one adventure you don't want to miss!

July 19-23 - Welcome to Wonderland!

Rebecca Reynolds

Fun is to be found down the rabbit hole! Alice will be our Art inspiration as curious campers create Mad Hatter Hats, draw giant teacups and decorate unbirthday boxes to be unwrapped on Friday at our Grand Tea Party!

July 26-30 - Fantastical Fairies

Rebecca Reynolds

Keep your eyes open for magic and mischief in the flowers and forest around you! As we seek out the summer fairies that live nearby, we'll also create our very own fairy puppets and homes for them to play in. Our fun-filled week will end with a colourful celebration party where you can dress up in your own favourite fanciful fairy costumes!

About Our Instructors

Dr. Amy Barron is an archaeologist and science teacher for Scientists in School. She has been running museum programs for twenty years, sharing her love of science and history with children of all ages.

Jake Differ is an award-winning Canadian musician and children's entertainer who has toured extensively with his child-friendly performances. The Peterborough Museum & Archives is thrilled to have Jake back for a second year of Summer Discovery camps. www.musicbyjake.com

Peter McMahon is an award-winning science journalist and author who has worked for CTV, Discovery Channel, the Toronto Star, and the kids science publication YES Magazine. He has covered space shuttle launches, and dinosaur digs, walked inside a particle accelerator, and journeyed 2 km under-ground in search of the origins of the universe. His science experiment book on trains of the future will be published by Kids Can Press this fall.

Rebecca Reynolds returns with more fantabulous art and fantasy. Rebecca earned her Expressive Arts Certificate at the Haliburton School of the Arts and has more than 15 years' experience instructing children of all ages with her creative, dynamic teaching style. Watch for Rebecca's art on exhibit at the Blue Tomato, Hunter Street, Peterborough.

Laura Rye is new to Summer Discovery and brings with her lots of great new ideas and a delightful, welcoming personality. Laura volunteered at Snofest and March Break this year. She is a graduate of the Queens/Trent teacher education program and looks forward to inspiring campers with a love of nature and the outdoors.

August 3-6 - Spectacular Science II

Amy Barron

Erupting volcanoes, flying cups, racing cars, and building structures. Examine real animal skulls and make edible chemical concoctions. Join us for another year of summer science fun!

August 9-13 - Prehistoric Park

Peter McMahon

Did T-Rex have feathers? Would the largest dinosaur collapse under its own weight? Learn about the latest dino discoveries, go on a simulated dig and talk with a real-life dinosaur hunter via a special LIVE video-conference session PLUS try on our special "dinosaur suits" to see what it would be like to have a giant raptor tail, tyrannosaur bite, or stegosaurus fins AND help piece together a fossilized skeleton in the "virtual-dino-dome!"

August 16-20 - Mighty Machines II

Peter McMahon

Last year's highly-successful technology-in-motion program is back! Build a high-speed bullet train, dive into the depths with your own submarine, ride a working hovercraft, and launch an explosion of planes, rockets, and balloons into the stratosphere PLUS help make a pair of ball-playing battle-robots to compete on the final day!

August 23-27 - Maestros of Music

Jake Differ

Join award-winning children's musician Jake for a fun-filled week of indoor and outdoor musical activities, from musical bean bag composition to rhythm baseball. Experiment with acoustic guitar, bass, keyboards, and hand drums. Check out state-of-the-art recording equipment, and create your own instruments. Guaranteed fun to be had by all!

Kinderkidz

ages 4 to 6

Registration begins May 10, 2010. Visit the Museum in person or call the Museum with a credit card (743-5180). Register for a morning, an afternoon, a whole day, the whole week... whatever best suits your child and your schedule.

Note: There is no Internet registration for Kinderkidz.

Kinderkidz is especially designed for ages 4 to 6 - JK, SK and Grade 1. A new theme is explored each week through stories, songs, arts and crafts, games, museum exhibits and creative play in a gently structured environment.

Instructors

Cheri Verge has over 20 years' experience caring for and bringing out the best in children with innovative, child-centred learning in a welcoming, gently structured environment.

Susie Clark returns for a second summer with Kinderkidz. She is a certified teacher and has extensive experience offering innovative day camps and children's programming.

Youth Leadership Program

Seminars on leadership, first aid, team building and child development prepare you to volunteer with children ages 4 to 11 under the guidance of adult instructors in the Peterborough Museum & Archives' Award-winning Summer Discovery Program.

Dates: Training seminars take place June 28, 29 and 30. Volunteer leadership experience takes place any two weeks during July or August 2010.

Ages: minimum 14 (entering grade 9) and up.

Fees: \$80 covers the cost of Canadian Red Cross Emergency First Aid Certification, professional instruction, Museum t-shirt and programming resource guide.

Application information: See your high school guidance department or download an application form at: www.peterboroughmuseumandarchives.ca
