Subject: New Peterborough Historical Society rep for the MAC

Greetings Susan

A short note to let the Museum Advisory Committee members know that the Peterborough Historical Society has appointed a new representative to sit on the MAC. Linda Lumsden will take my place as the PHS rep. I have thoroughly enjoyed the opportunity to work with such a dedicated and enthusiastic group and I commend the work of the members in the commemoration of our community's rich history. I have been the beneficiary of the excellent work of the Museum staff in my own work here at the Waterway and I want to thank them for their important contribution to the community. I always looked to the warm hospitality and lively conversation at our meetings but not to the rush to the ACHAC meeting that followed. I know that Linda will bring a fresh perspective to the discussion and continue the PHS contribution to the work of MAC,

Thanks to all

Dennis Carter-Edwards
President, Peterborough Historical Society
