TO: Members of the Peterborough Architectural Conservation Advisory Committee (PACAC)

FROM: Erik Hanson, Heritage Resources Coordinator

MEETING DATE: April 13, 2010

SUBJECT: Report PACAC10-013
Transportation Plan Review – Commenting Opportunity

PURPOSE

A report to recommend that PACAC be granted the opportunity to provide feedback regarding the scope of the problem statement outlined in the Transportation Plan Review Document and that the committee be given standing for commenting and input beyond that afforded the general public.

RECOMMENDATION

That the PACAC approve the recommendation outlined in Report PACAC10-13 dated April 13, 2010, of the Heritage Resources Coordinator, as follows:

That staff be directed to provide a report regarding the impact of the *Transportation Plan Review* on heritage properties within the City of Peterborough for consideration and action by the Committee.

BUDGET AND FINANCIAL IMPLICATIONS

There are no budgetary or financial implications for this report.

BACKGROUND

Councillor Pappas has raised concerns that the current scope of the Transportation Plan Review does not adequately reflect the need to preserve the heritage fabric of the City. He has asked that the PACAC consider making a formal submission to the consultants regarding the need to focus on a transportation system that support heritage conservation.
