

City of  
**Peterborough**

---

**TO:** Members of the Peterborough Architectural Conservation Advisory Committee (PACAC)

**FROM:** Erik Hanson, Heritage Resources Coordinator

**MEETING DATE:** March 13, 2012

**SUBJECT:** Report PACAC12-009  
Lily Lake Functional Planning Study Presentation

---

## **PURPOSE**

A report to inform Committee that Brad Appleby of the City's Planning Division will attend the March 13, 2012 PACAC meeting to provide an update on the Lily Lake Functional Planning Study currently underway.

## **RECOMMENDATION**

That the Peterborough Architectural Conservation Advisory Committee approve the recommendation outlined in Report PACAC12-009 dated March 13, 2012, of the Heritage Resources Coordinator as follows:

That the presentation by Brad Appleby of the City's Planning Division be received for information.

## **BUDGET AND FINANCIAL IMPLICATIONS**

There are no budget or financial implications resulting from the approval of the recommendation of Report PACAC12-009.

## **BACKGROUND**

A presentation will be made by Brad Appleby regarding the Lily Lake Functional Planning Study now underway. The development of these lands could have a profound effect on the natural and cultural heritage landscape of the Jackson Creek basin.

Under the Ontario heritage Act, Council can designate areas as cultural heritage landscapes and protect land from development that would adversely impact the attributes of the cultural landscape. This process is being used to good effect in Ontario to protect view sheds like those experienced from the Jackson Park trail. The presentation from the Planning Division will provide a good background from which the PACAC may begin a discussion about the possibilities of cultural landscape designation.
