BACKGROUND

At the third Public Information Centre (PIC) of the Parkway Corridor EA, AECOM, the consulting firm hired for the project, presented, as the preferred option for the Parkway, the route that includes a bridge over Jackson Park. Subsequent to the PIC, a group of staff and citizens were invited to attend a workshop to brainstorm preliminary ideas about the bridge's design. Two members of the PACAC attended the Parkway Corridor Design Workshop on August 20, 2013. A full report of the meeting is attached in Appendix A.
