

City of  
**Peterborough**

---

**To:** Members of the Peterborough Architectural Conservation  
Advisory Committee (PACAC)

**From:** Erik Hanson, Heritage Resources Coordinator

**Meeting Date:** June 5, 2014

**Subject:** Report PACAC14-011  
London Street Generating Station Design Presentation

---

## **Purpose**

A report to introduce a presentation by Eric Prevost about proposed design for the addition to the London Street Generating Station.

## **Recommendation**

That the Peterborough Architectural Conservation Advisory Committee approve the recommendation outlined in Report PACAC14-011, dated June 5, 2014 of the Heritage Resources Coordinator, as follows:

That the presentation by Eric Prevost, Generation Project Manager, Peterborough Utilities Inc., be received for information.

## **Budget and Financial Implications**

There are no budgetary or financial implications associated with the recommendation.

## Background

Peterborough Utilities, Inc. is undertaking an expansion of the London Street Power Generating Station to increase the generating capacity at the site. The expansion will include the construction of a new building to the southwest of the existing structure.

On May 14, 2013, the PACAC received a presentation on the proposed addition to the London Street Generating Station from Karen McGhee of MKE Consulting Engineers regarding the design and status of the Environmental Assessment (EA) that was being completed for the project. At the time of the presentation the PACAC requested that the final designs for the addition be provided to the committee for comment prior to being submitted for permits. Eric Prevost from Peterborough Utilities Inc. is overseeing the project and will provide an update to the Committee.
