Mr. Wayne Jackson, P.Eng.,
Manager Utility Services.
City of Peterborough.

Update on Renewable Energy Management Inc. [REM]

Dear Mr Jackson:

We hope this update on REM activities will be of interest to you, your staff and the Waste Management Committee.

Wesleyville EFW Facility.

- * **The consultant is Conestoga-Rovers and Associates.**
- * **The 360,000 T/Y facility is to be constructed in three stages each with a 120,000 T/Y module.**
- * **Current letters of intent for the supply of waste exceed the capacity of the first module.**
- * **A power purchase agreement [PPA] with the Ontario Power Authority is currently under negotiation, with support from the Ministry of Energy.**
- * **Financing has been arranged subject to the PPA.**
- * **The Municipality of Port Hope has signed on as a willing host.**
- * **REM has purchased 23 acres adjacent to the OPA Wesleyville site.**

-2-

- * **The environmental screening process with the Ministry of the Environment is advanced and proceeding well.**
- * **The facility will incorporate advanced MRF technology.**
- * **REM have invited Peterborough to consider the Wesleyville facility as a bridge to the establishment of a local EFW facility.**

Brant County:

- ***The consultant is Conestoga -Rovers and Associates.**
- ***The facility is to be identical to the Wesleyville facility.**
- * **A site in the Industrial Park has been finalized.**
- * **The County and the Aboriginal community have signed on as willing hosts.**
- * **The environmental screening process has been initiated.**
- * **Political support is excellent with the Brant County MPP as deputy energy Minister.**

Sudbury:

- * **Sudbury plans for an [REM] energy from waste facility are progressing well.**
- ***Sudbury has selected a site for the new EFW plant.**
- * **The environmental screening process has been initiated.**

-3-

Edwards Air Force Base:

- * **REM technology has been approved by the U.S. Air Force and the Department of Defence in Washington for a large EFW facility incorporating an MRF and the conversion of residual waste to green energy. A final contract is being negotiated,**

Ontario Government:

- * **REM is deeply involved with the Provincial Government in the development of new policy to recognize EFW as a valuable renewable energy resource. The new program is titled "Alternative Energy Program " We understand the new plan is to alleviate the need to modify the FIT [fit in tariff] program, which currently excludes EFW.**

I will be pleased to try to provide additional information if there is a need.

Yours very truly

Ed. K. McLellan
