Dean Pappas (Chair of WMC), Natalie Garnett (Secretary of WMC):

I wish to have the following motion put on the agenda for the November 19, 2012 meeting of the Waste Management Committee. This motion is central to how I believe the Waste Management Committee should operate, based on the WMC Agreement between the City and County. I have attached the WMC Agreement.

I have copied the members of the Waste Management Committee to ensure they are aware of this proposed motion. I am not aware of the procedure for a notice of motion, but perhaps this communication will serve to meet the requirements of such a procedure.

Motion by W. B. Rand to be presented November 19, 2012 to the Waste Management Committee:

Whereas significant changes to the Bensfort Road Landfill operation have taken place without prior involvement of the Waste Management Committee,

And, whereas the Agreement between the City and County of Peterborough, signed July 2002, clearly specifies the responsibilities of the Waste Management Committee,

Therefore, be it resolved that a schedule of meetings be developed for 2013, which permits the Waste Management Committee to address its responsibilities in a timely fashion - such schedule to include, but not be limited to, preparation of a draft annual work plan and annual budget, preparation and call for tenders for necessary services, administration of the Public Liaison Committee, and provision of on-going advice and recommendations in accordance with the approved Waste Management System Plan,

And further, that Staff provide the Waste Management Committee with a detailed analysis of the 2013 Bensfort Road Landfill budget, which has already been prepared without input from the Committee

Thank you for your attention to this matter.

Barry Rand
