

City of
Peterborough

To: Members of the Peterborough Architectural Conservation Advisory Committee (PACAC)

From: Erik Hanson, Heritage Resources Coordinator

Meeting Date: November 1, 2018

Subject: Report PACAC18-046
Young Canada Works Presentation

Purpose

A report to recommend that the PACAC receive a presentation from the Heritage Preservation Office's Young Canada Works Intern.

Recommendation

That the Peterborough Architectural Conservation Advisory Committee approve the recommendation outlined in Report PACAC18-046, dated November 1, 2018 of the Heritage Resources Coordinator, as follows:

That the PACAC receive for information a presentation from the Heritage Preservation Office's Young Canada Works Intern.

Budget and Financial Implications

There are no budgetary or financial implications associated with the recommendation.

Background

In 2012, the PACAC allocated funds for a project to commemorate Martha Kidd who had passed away that year. Several projects were considered over the years, but were deemed either too costly or as having insufficient community impact. In 2017, the committee approved the expenditure of the funds for the creation of an app-based walking tour that would showcase the city's heritage and could be freely accessed by the public. This app will make use of the City's current mapping software and the funds allocated by the PACAC have been used to hire an intern to undertake this project.

In 2018, the Heritage Preservation Office was awarded a Young Canada Works grant to hire a recent graduate for six months to undertake this project. The grant received from Young Canada Works provides additional funding to hire an intern full time dedicated solely to this project. An intern was hired in September and has begun preliminary work on developing the walking tour app and Story Map. Victoria Hamilton, the intern hired to work on the project, will make a presentation to the PACAC on her work so far and project's projected outcomes.
