

City of
Peterborough

To: Members of the Accessibility Advisory Committee

From: Sadie Norrad, Accessibility and Communication Specialist

Meeting Date: January 9, 2019

Subject: Report AAC19-006
HotSpot Parking App

Purpose

A report to introduce a presentation from the Parking Operations Supervisor, Infrastructure and Planning Services with the City of Peterborough.

Recommendation

That the Accessibility Advisory Committee (AAC) approve the recommendation outlined in Report AAC19-006 dated January 9, 2019, of the Accessibility and Communication Specialist as follows:

That a presentation from the Parking Operations Supervisor, Infrastructure and Planning Services on the HotSpot Parking App be received for information.

Budget and Financial Implications

There are no budgetary or financial implications associated with the recommendation.

Background

Metered/pay-and-display parking for accessible parking spaces has been identified as a barrier in previous AAC meetings. The City of Peterborough is making metered/pay-and-display parking more convenient with the HotSpot's pay-by-phone parking solution.

HotSpot, a Canadian tech company, provides an affordable pay-for-membership mobile app that offers users convenient parking solutions including:

- Access to all metered/pay-and-display parking in Peterborough
- Notification when their paid time is close to expiring
- The option to add more time up to the maximum for the space
- The option to cancel their parking session early and be refunded for any unused time
- Consistent service throughout the City of Peterborough and Trent University campuses.
