

City of  
**Peterborough**

---

**To:** Members of the Peterborough Architectural Conservation Advisory Committee (PACAC)

**From:** Erik Hanson, Heritage Resources Coordinator

**Meeting Date:** March 7, 2019

**Subject:** Report PACAC19-011  
Brock Mission Design Presentation

---

## **Purpose**

A report to recommend that the PACAC receive and provide comment on a presentation from Lett Architects regarding the design for the new Brock Mission.

## **Recommendations**

That the Peterborough Architectural Conservation Advisory Committee approve the recommendations outlined in Report PACAC19-011, dated March 7, 2019 of the Heritage Resources Coordinator, as follows:

- a) That the presentation by Lett Architects regarding the design of the Brock Mission be received for information, and;
- b) That the PACAC provide comment on the proposed design.

## **Budget and Financial Implications**

There are no budgetary or financial implications associated with the recommendation.

## Background

In May 2016, the PACAC received a circulation regarding the redevelopment of the Brock Mission at 217 Murray Street. While the committee supported the proposed redevelopment, it expressed concern regarding the design of the new building, particularly as it related to surrounding heritage properties with regard to massing, scale and exterior treatments.

Lett Architects will make a presentation to the committee regarding the current design for the new Brock Mission building.
