- c) That staff present the findings of the Transportation Master Plan to Council no later than November 2021.

8. Public Health Resolution

The City of Peterborough believes:

- a) That public health is an investment, not a cost;
- b) That the ability to respond to local health issues relies on the expertise and 24/7 accessibility of local public health;
- c) That our local public health is a primary defender of our local food and water supply
- d) That our local public health is our front line in the war against opioids

Therefore, the City of Peterborough stands united in its support of strong and local public health and with respect to what was intended as well-meaning and cost efficient, calls upon the provincial government to delay and proposed disruption of our local public health system until a more comprehensive evaluation and consultation can be conducted. As such, any restructuring of Ontario's public health governance and delivery should;

- i) Ensure that any proposed amalgamation is acceptable to the "obligated municipalities; and

- ii) Support a “made-in-Peterborough” solution that would maximize local representation and accountability, while ensuring responsive, timely and effective public health oversight by a Medical Officer of Health and his/her staff; and

That this resolution be sent to the Premier, Minister of Health and Long Term Care and regional MPP's.

9. Symposium on the Opioid Crisis

That staff be directed to invite Dr. Salvaterra, Medical Officer of Health for Peterborough and Deputy Police Chief Farquharson, to speak to City and County Councils and interested members of the public at a symposium on the opioid crisis, followed by a panel discussion.

10. Repairs to Simcoe Street

As part of the 2020 Budget process, staff report back on options to repair Simcoe Street, in proximity to the Bus Station.
