- b) That the AAC provide feedback on accessibility in the Public Art Program.

Budget and Financial Implications

There are no budgetary or financial implications associated with the recommendation.

Background

The Public Art program has been gathering feedback from the community to help refresh the current Public Art program.

Input has been gathered from members of the Public Art Advisory Committee, the Arts Culture and Heritage Advisory Committee, relevant city staff and stakeholders in the arts community. City residents were also invited to complete an online survey in early September.

The Public Art Project Coordinator is now looking for feedback from the Accessibility Advisory Committee.
