Background

The City of Peterborough purchased the Peterborough Airport in 1967. Following an expansion and licensing by Transport Canada, the airport opened for scheduled services in 1969. Since then, we have invested in growth and improvements at the airport, which has evolved into a major aviation-related employment centre for the region.

As outlined in the Terms of Reference for the Airport Strategic Initiatives Committee it is required that three City of Peterborough Councillors sit on the Airport Strategic Initiatives Committee for a term of 1 year.
