

One Card Policy

The Peterborough Public Library Board supports a policy of full access to Library materials as follows:

Individuals have varying needs for information. All materials in the collection may be used by anyone regardless of age, with the exception of CELA materials.

This policy recognizes that parents/caregivers wish to monitor what their children read, and that the Library's role is to be the neutral provider of materials for selection by the borrowers. The Library's responsibility remains that of purchasing carefully to meet the wide range of our patrons' interests.

Responsibilities of the borrower

1. To be responsible for all materials borrowed on their card, including payment fees or charges incurred. A list of current fees can be found under the [Borrowing](#) section of the website.
2. To present their membership card each time Library materials are borrowed. Either the physical card or a digital format is acceptable.
3. To notify the Library of any change of address or loss of membership card.
4. To observe the rules of the Library.

Parental/Caregiver responsibilities

1. To ensure that their children, aged 13 and under, observe rules of the Library.
2. To monitor their children's selection of Library material according to their own family standards.
