

Our Guiding Principles

Accountability & Transparency - Ensure accountability and transparency throughout all phases of Plan development and implementation.

Alignment - Ensure the Plan and activities align with and support existing priorities, without duplicating efforts

Collaboration - Ensure comprehensive collaboration and involvement of others to achieve a diverse and representative voice throughout the Plan and its implementation.

Empowerment - Foster a shared sense of Plan ownership and build individual and community capacity to take charge of their own well-being.

Inclusiveness & Belonging - Foster inclusiveness and belonging within the Plan and its implementation, to cultivate a sense of connection and build mutual trust, respect, and resiliency within the community.

Innovation - Approach Plan development and implementation with an innovative and progressive mindset to leave behind outdated patterns and be open to embracing positive change

Responsiveness - Ensure a responsive approach to Plan development and implementation through openness and timely responses to the input of others.

Vibrancy - Ensure the Plan and activities help to build a vibrant community full of energy and life.
