That the ACC provide input and recommendations on Stage 1 of the City of Peterborough's Official Plan review.

## **Budget and Financial Implications**

There are no budgetary or financial implications associated with the recommendation.

## Background

As presented at the May 4, 2016 meeting of the AAC, the City of Peterborough (City) is undertaking an update to the Official Plan in order to update the planning principles and policies that will determine how our City grows and develops over the next 20 years. Some of the policies in the Official Plan start shaping the City immediately, while others are more long-term. Whether the policies take effect over the short or long term, they are based on a common vision.

[Part 1 of the Draft Official Plan](#) is now available for review and the Planning Division will accept recommendations and input from the AAC.
