Budget and Financial Implications

There is no budget or financial implication resulting from the approval of the recommendation of this report.

Background

It is a long standing practice that City staff work with volunteer committees in the preparation and staging of a number of special events and activities operating in the community. While City staff has initiated many events and activities, over time, volunteer based committees have taken on the primary responsibility of staging various special events and facilitating activities. The City of Peterborough benefits from the hard work and dedication of such volunteers, who have identified that it is easier to recruit support if the event or activity is recognized as a City of Peterborough event.

In response to direction provided by the City's insurance broker beginning in 2006, City Staff developed a Terms of Reference that defines volunteer activities and clarifies their role as being under the Municipality's direction. This allows the events and activities to be covered under the municipality's insurance policy as volunteers of the Municipality. The Terms of Reference are entered into with organizations working with the City, to protect the Corporation and Volunteers under the municipal insurance program.

As per section 2.1 (d) of By-Law 07-041, the Arenas Parks and Recreation Advisory Committee has authority to approve volunteer groups to be covered by the City's insurance program. Staff recommends that the specific events and activities occurring between April 1, 2016 and March 31, 2017, as identified in the Recommendations section of this report, be approved as City sponsored and be covered under the City's insurance. If additional events or activities become known throughout the year, the necessary approval would be requested at that time.
