BUDGET AND FINANCIAL IMPLICATIONS

No budget or financial implications will result by approving the recommendations in Report APRAC11-002.

BACKGROUND

For many years, City staff has worked with volunteer committees in the preparation and staging of a number of special events and activities operating in the community. While City staff initiated many of these events and activities, over time, volunteer based committees have taken on the primary responsibility of staging these events. The City of Peterborough benefits from the hard work and dedication of such volunteers. The volunteers have identified that it is easier to recruit support if their event or activity is recognized as a City of Peterborough event.

In January 2006, City staff and various committee members met with a representative of the City's insurance company to review the activities of committee volunteers. The purpose was to ensure that they are covered under the municipality's insurance policy as volunteers of the Municipality. The City's insurance broker suggested developing Terms of Reference that define volunteer activities to ensure all groups understand the required relationship with the City. Since 2006, these terms have been entered into with organizations working with the City, to protect the Corporation and Volunteers under the municipal insurance program. As per section 2.1 (d) of By-Law 07-041, the Arenas Parks and Recreation Advisory Committee has authority to approve volunteer groups to be covered by the City's insurance program.
