## FOR IMMEDIATE RELEASE

June 11, 2012  
Peterborough, ON --

### COMMUNITY MEETING – ROGERS COVE WATER PLAY PARK

City Council has approved the addition of a new water play park at Rogers Cove off Maria Street. The project designers, Landscape Planning Limited, have prepared a concept drawing and will be seeking public feedback at a Community Meeting which will take place:

**Wednesday, June 20, 2012 – 7:00 p.m.**

**Lions Community Centre – 347 Burnham Street, Peterborough**

This initiative was a recommendation from the 2010 Little Lake Master Plan, which created a forward-looking strategy to guide the use of the lake and its adjacent lands. The Rogers Cove project will include construction of:

- an accessible water splash pad;
- a replacement building for the existing portable structure used for washrooms, changing and storage;
- boat storage to support canoe, kayak and sailing activities at Brownsea Base for the Peterborough Scouts;
- connection of the Trans Canada Trail through the park to the rail bridge over the Otonabee River into the downtown;
- a community oven.

Once a design is confirmed, the project will go out for tender and construction will be scheduled for completion in time for the 2013 summer season of operations.

This information is also available on our City of Peterborough website at [www.peterborough.ca](http://www.peterborough.ca).
