

City of  
**Peterborough**

---

**TO:** Members of the Arenas, Parks and Recreation Advisory Committee

**FROM:** Rob Anderson, Recreation Division Coordinator

**MEETING DATE:** May 28, 2013

**SUBJECT:** Report APRAC13-019  
Presentation on the Parkway Corridor Environmental Assessment

---

## **PURPOSE**

A report to introduce a presentation on the Parkway Corridor Class Environmental Assessment, by Mr. Kevin Jones of AECOM.

## **RECOMMENDATION**

That the Arenas, Parks and Recreation Advisory Committee approve the recommendation outlined in Report APRAC13-019 dated May 28, 2013, of the Recreation Division Coordinator, as follows:

That a presentation by Mr. Kevin Jones of AECOM, on the Parkway Corridor Class Environmental Assessment be received for information.

## **BUDGET AND FINANCIAL IMPLICATIONS**

There is no budget or financial implication resulting from the approval of the recommendation of Report APRAC13-019.

## BACKGROUND

A series of road network improvements along portions of the Parkway Corridor were recommended and approved by Council in November 2011, as part of the City-wide Transportation Plan Review. In September 2011, prior to the recommendations of the Transportation Plan Review, Council approved the Hospital Access Road Class Environmental Assessment (EA) Addendum which recommended a separate study to examine the need for a connection from Medical Drive to the road network in the south end of the City. Since both of these initiatives may include use of the Parkway Corridor, the City is undertaking an integrated Municipal Class EA study for the entire corridor.

At its meeting of May 28, 2013, the Arenas Parks and Recreation Advisory Committee will be joined by the members of the Arts Culture and Heritage Advisory Committee and the Peterborough Architectural Conservation Advisory Committee, to receive a presentation by Mr. Kevin Jones of AECOM. The purpose the presentation is to provide the Committees with information on the Parkway Corridor Class EA.

Also attending, but not presenting is Ms. Jamie Davidson of Golder Associates to respond to any questions related to the archaeological/cultural component of the Class EA.

Submitted by,

Rob Anderson  
Recreation Division Coordinator
