

APRAC13-027 - APPENDIX A

The list of contributors whose generous support has been instrumental in the development of the Farmcrest site for use as an off leash dog park is as follows:

- Elliott and Parr Land Surveyors
 - Recorded site elevations and undertook all survey work
- DM Wills and Associates
 - Developed and produced all engineering and site plan drawings
- Drain Brothers Construction
 - Undertook initial site preparation, excavation and installation of the French drain; culverts and donated and installed Rip Rap stone for catch basins
- Doughty Aggregates/Accurex
 - Donated and delivered approximately 100 tonnes of washed stone used for constructing the French drain
- Armtec, Peterborough Culverts
 - Donated all culverts, filter cloth and drainage pipe used for constructing the French drain
- McWilliams Moving & Storage
 - Provided labourers to assist with the construction of the French drain
- Kawartha Capital
 - Excavated and removed under growth, donated, delivered and spread approximately 44 truck loads of top soil; and placed washed stone over the French drain
- Driscoll Cottages
 - Donated and delivered a 4-wheel drive flailing mower and roller to prepare, cut and roll existing turf on four occasions.
- The Rental Centre of Peterborough
 - Donated and delivered a tank track skid steer loader for site preparation on four occasions
- Leahy Excavation
 - Provided a backhoe and operator to assist in final site preparation
- Pickseed Canada Inc.
 - Donated all the seed needed to complete initial seeding and to continue reseeding as necessary
- Fitzsimmons Garage
- John Dewar Auto Sales
- Independent Grocers
 - Provided for site access and equipment storage during site development

Thanks to the assistance from these local, community minded businesses, the Farmcrest site is now ready to fence.
