BUDGET AND FINANCIAL IMPLICATIONS

There is no budget or financial implications in receiving this report.

BACKGROUND

The City's Transportation Division has proposed an exciting development concept for the south end of George Street, from Sherbrooke to Perry. The concept has been developed in response to the identification of cycling as a high priority within the Transportation Master Plan; recommendations promoting the development of enhanced gateways to the downtown within the Central Area Master Plan; and recommendations supporting complete streets, walking, and cycling as endorsed by the Municipal Cultural Plan.

A representative from the division will attend the Arts Culture & Heritage Advisory Committee meeting to present the concept and to receive feedback.

Respectfully submitted,

Ken Doherty,
Director of Community Services
