WHAT CAN PARENTS DO?!**

BUILDING RESILIENT YOUTH WORKSHOP
MONDAY, MARCH 28, 2011

Addressing Social Determinants of Health

- The two *new* SDOH PHNs positions will be focusing on addressing three specific areas; ***vulnerable older adults, adult mental health, and child poverty***. These populations were selected based on a priority populations exercise that health unit programs completed in 2009.
- The SDOH nurses will be working in collaboration with the existing “Poverty and Health” program within the health unit.

Healthy Smiles Ontario

- New dental program for children 17 and under from low-income families
- Covers preventive and treatment services which meet the needs of families who are dealing with the stresses of poverty
- 100% funded by the province
- Program delivered by all 36 Ontario health units

2011 BRING FOOD HOME
OCT 27-29 | TRENT UNIVERSITY, PETERBOROUGH

Preparing the Ground for A Sustainable Food System

Come Cook With Us

“Waiting for food where it is being handed out is ‘survival’ but this program helps me develop skills and means I’m trying to ‘live’ not just ‘survive.’”

Cooking Together!

Collective Kitchens

Cook meals with others to take home to your family or roommates!
